

Toilet Training Workshop

Thursday, September 12, 2019

5pm - 7pm

Lincoln Elementary School

1450 20th Street, Rochelle, Illinois 61068

2 CE's provided for
Educators, Counselors &
Social Workers
(LCPC, LCSW, LPC, LSW)

Are you struggling with toilet training your child? Could you use some new strategies to help your child accomplish this life-changing skill? This Toilet Training Program provides strategies for developing an individualized program for home and school.

Specific topics to be addressed include:

- Emotional, Communicative & Developmental Issues
- Rewards • Toileting Chairs • Toileting Readiness
- Urine & Bowel Training

Additionally, we will also focus on overcoming some of the most difficult problems when toilet training children with autism and other developmental disabilities, as well as typical children.

Meet Our Presenter: Patti Boheme M.S., LCPC

Patti Boheme is the Executive Vice President of the Little Friends Center for autism. She has been providing services for people with Autism and other intellectual developmental disabilities for over 35 years. Patti has led the development of several service models for children and adults with Autism and is knowledgeable in techniques such as PECS, ABA, Social Cognition and Structured Teaching. Patti has authored several visual training systems that are used to teach individuals with autism throughout the country. Patti believes in empowering parents. She consults and speaks regularly throughout the state at conferences and serves on several professional advisory boards
