

THERAPY AT Florissa

This Social Story is from your friends at  **Florissa**
Where children & families flourish

This is Florissa. Florissa is a place
where kids of all ages come to learn
skills and get help.

I have an appointment at
Florissa to meet with a
therapist. My therapist is
on my team to help me.

When I arrive at Florissa, I will stop at the front desk first. Someone will say hello and help me check in. Some of the people I might see when I check in are Danielle, Janet, or Laura.

After I check in, I will wait in the waiting room. I can play with toys, read books, or sit quietly while I wait.

My therapist will come into the waiting room and call my name when it's my turn.

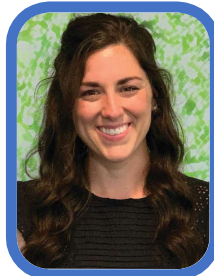

Dr. Kelly

Dr. Beth

Ms. Victoria

Dr. Emily

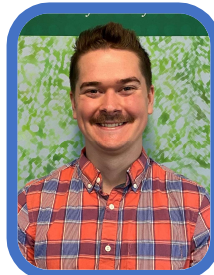

Dr. Laura

Ms. Jackie

Ms. Lauren

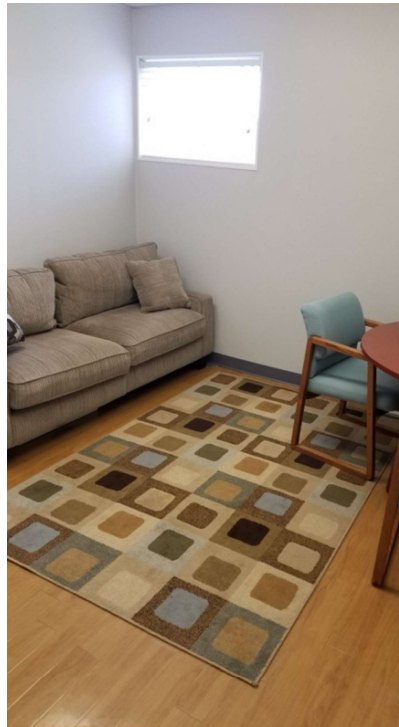

Mr. Sebastian

There are many hallways and doors at Florissa, so I will follow the directions my therapist gives me and walk with my therapist to the right office.

I will walk back to an office to play, talk, and learn with my therapist. The office will have a couch for me to sit on. Some offices also have tables and chairs where we can sit.

Sometimes, I will do work with
my therapist. Sometimes, I will
play with my therapist.
Sometimes, I will talk with my
therapist.

It is fun to meet
with my therapist!

My time with the therapist usually lasts for 45 minutes. My therapist will tell me when our time is all done.

I will have to leave
the toys in the room,
but I can ask my
therapist if we can
play with them again
next time I come.

We will walk down the hallway back to the waiting room where someone will be waiting to take me home. My therapist might tell that person about what we did together.

It is time to leave for today. We will say, “Goodbye,” and leave Florissa, but I will come back to Florissa soon for another appointment with my therapist.

Everyone will be proud
of me. It's fun to meet
with my therapist!
