Where children & families flourish.

Friendships: The Middle School Years

WHO & WHAT

Across the middle school years, the social skills required for successful peer relationships become more complex, especially for children with social skill difficulties. During this group, children in 5th through 8th grades will learn about middle school friendships and the social skills they need to make and keep friends while they are social distancing. This group is appropriate for children who struggle to make friends, children who have trouble understanding social relationships and children who lack awareness of appropriate behaviors with peers.

WHEN

Thursdays September 8th—October 13th 5pm—6pm
